

2013-14 HSBC SEVENS WORLD SERIES STATISTICAL REPORT

IRB GAME ANALYSIS

INTRODUCTION

The following report is a quantitative review of the 2013-14 HSBC Sevens World Series. It brings together the relevant data relating to each round as well as the relevant data relating to each team's performance across these rounds.

The report has several objectives:

- Provide a profile of how the game of Sevens was played at international level in the 2013-14 series
- Provide a profile of each participating team's performance in all rounds of the 2013-14 series
- Provide an instrument to compare the development of the game from series to series.
- Present the relative performance of each participating team in all aspects of the game, enabling the comparison in performance between rounds and between teams
- Identify alternative strategies in performance adopted in certain area of game play by various teams

In summary, the report comprises an analysis of all aspects of play together with the approach and performance of all the participating teams.

The report presents the following analysis of the game:

- The rates of scoring and conceding, and the effectiveness of each team in attack and defence
- The possession source, location origin and activity in the build-up of all tries
- The effectiveness of each team in the retention and stealing of possession
- The approach and success of each team at the breakdown
- The activity of each team in passing, phase play and kicking
- The performance of each team at set-piece (restart, scrum and lineout)
- The discipline of each team
